Ménage à Trois

WHILE toying with *paté de foie*,
I idly thought, *ménage à trois!*
Would it not be quite divine,
If he were yours when you were mine
And I were his, though he could see
The passion that you felt for me?

Capers with a pinch of Gallic
Sound quite fun, though fairly phallic.
If you're really asking *moi*,
I think I'd better stick to *foie*.
