Dress Nonsense

WHY are some girls with ample charms
Determined not to catch the eye?
They scurry past with folded arms,
Head down, and watch the ground whiz by –
And this, although they're in a sweater
Designed to help us view them better.

And there are girls who boldly go
In dresses with a thigh-high slit,
But clutch the cloth and make it so
It covers up the slit a bit –
As if a dose of late decorum
Has foiled forays in fashion's forum.
