

*A Word*

*Free Thinker*

WE don't quite know what *free* means:  
That's very clear today.  
We don't know how to use it,  
Which should cause us dismay.

Leaflets offer gifts *for free*,  
Which just means free, I'd say –  
So will they cost much less to me  
Than gifts for which I pay?
